The morning session began with the OK COM famous covered dish breakfast. After the meal, the devotional was led by Randy Anderson from Cross Timbers. He talked about improvements as well as work planned for the future of the camp. Minutes were read from the Spring 2009 rally. After additions and corrections were made, a motion was made by Tom Goins to accept

the minutes. Bill Reed seconded the motion. Motion carried. Ministry reports were given, although there were very few projects this year. During the business meeting, the suggestion was made to make better use of the area coordinators. One suggestion was that perhaps the coordinators could be used to discriminate information to members in their areas. E-mails could be used to getting information to members as well. Any ideas on how to improve communication would be welcome. Upcoming projects were discussed, primarily completing OK COM's ten year commitment to Glorieta. A large number of members plan to go to Glorita to work for all or part of a month led by Jim Conley. The work is to begin September 28. Tom Goins made a motion to adjourn which was seconded. We were adjourned by singing the Mission Song led Bobby Burnett.
